Dear Dr. Soler:

I am honored by your kind invitation to become a Member of Honor of the Group for the Study of Olfaction and Taste (GEOG) of Argentina, which is supported by the Argentine Federation of Societies of Otolaryngology. I wholeheartedly accept your invitation.

Thank you for thinking of me. I hope that I can be of service to you and GEOG and, someday, may have the privilege of visiting you in your wonderful country. Your heartfelt devotion to the chemical senses is truly an inspiration.

With warm regards.

Best wishes,

Richard L. Doty, Ph.D.
Professor and Director
